

# International Journal of Automation Technology

## Instructions to Authors

### 1. Objective

This publication is an interdisciplinary journal covering the science and technology of automation.

### 2. Submission Qualifications

None.

### 3. Manuscript Responsibility

Authors alone are responsible for all statements in manuscripts.

### 4. Targeted Fields

All fields of automation. Submission of a paper implies that material in that paper has not been published before and is not being considered for publication elsewhere.

### 5. Type and Length of Articles

- 5.1. *Papers* present new findings and original concepts accompanied by complete discussions. The number of pages includes the abstract, keywords, text, and illustrations (tables, figures, and photographs). They shall average 8 printed pages and have not been published to date elsewhere.
- 5.2. *Reviews* give a balanced assessment of a specific subject, introducing authors' views on recent progress and prospects. (Page charges may be excluded if the review article is written at the request of the Editorial Committee and the exclusion is considered particularly necessary.)
- 5.3. *Development Reports* describe technical findings that are actually useful in practical application. They shall average 6 printed pages.
- 5.4. *Letters* contain original and valuable facts or conclusions whose contents are to be published promptly. They shall not exceed 2 printed pages.
- 5.5. *Notes* discuss new facts, valuable data, or conclusions not concluded as research. They shall not exceed 2 printed pages.
- 5.6. *News* describes incomplete research and includes new findings or valuable data. Contributions shall not exceed 2 printed pages.
- 5.7. *Discussions* state opinions on articles published in the International Journal of Automation Technology. The Editorial Committee may request original authors' opinions on the discussion in question.

### 6. Language and Units

- 6.1. The language for contributions may be English or Japanese.
- 6.2. SI units are preferable, but CGS is also acceptable.

### 7. Manuscript Submissions

- 7.1. Electronic submission of PDF file by e-mail is preferred. Hard-copy contributions should be sent in triplicate. All photographs must be original. When contributions are accepted, authors are requested to submit final manuscripts. Details are provided upon notice of acceptance.
- 7.2. Manuscripts should be sent to the IJAT Editorial Office at [auto@fujipress.jp](mailto:auto@fujipress.jp).
- 7.3. All submitted papers are reviewed by at least two referees. The received date is the arrival date of a manuscript, and the accepted date is the approval date for publication by the Editorial Committee.

### 8. Page Charges

A charge given elsewhere will be invoiced to authors or their designated institution.  
One copy of the journal is sent to the contributor.

### 9. Reprints

Reprints are purchasable on request. Applications for reprints are made on the order form at final manuscript submission.

### 10. Copyright

- 10.1. Copyrights of articles published in the International Journal of Automation Technology become the sole property of the publisher.
- 10.2. Authors wishing to use articles previously published in the International Journal of Automation Technology for any purpose in any form shall obtain approval in writing in advance from Fuji Technology Press Ltd.

### 11. Rules for Preparing Manuscripts

Rules for preparing manuscripts are given elsewhere.
