

Instruction for submission of the final manuscript

Fuji Technology Press Co., Ltd.

Editorial Office

Thank you very much for submitting your paper to our journal. We would like to ask you to send the following materials to us via our submission site (<https://mm.fujipress.jp>).

Submission Materials:

Please download the template files from the following URL:

<https://www.fujipress.jp/submission/>

1. (Copyright Transfer Form)

- Please download the template from the above URL, fill it out, and upload the scanned file.
- **The signature and date must be handwritten.**
- If all co-authors have provided consent, only the representative author's signature is required (please sign in the designated area at the bottom of the form).

2. Electronic File of the Manuscript (Word file or TeX file)

- Please upload the Word file or TeX file of the final manuscript (including figures, tables, and equations). The final manuscript must be submitted **in Word or TeX format.**
- If the manuscript is prepared in TeX, please submit the source files, figure files, and the compiled PDF file.
- For Word manuscripts, if figures contain text, please insert them as integrated figure files. To avoid layout issues, please avoid using Word's drawing tools.
- The electronic manuscript file must include Keywords (**up to 5**) and References (including DOI numbers for references that have DOIs).
- **After acceptance, changes to the title, addition or removal of authors, or changes in author order are not permitted. Please ensure that no changes are made after acceptance.**

3. Figure Files

- Please upload the figures and photographs used in the manuscript. Figure files should be prepared in PNG, JPEG, or PDF format. Please avoid using the EPS format.
- For Word manuscripts, if the figures and photos embedded in the manuscript are of the same quality as the original figure files, separate submission of figure files is not required. If the original figure files are of higher quality, please submit the figures separately.
- Please name the files clearly, such as "fig1.pdf."

4. Profiles (for each author)

- Please fill in the profile template (Word) **for all co-authors** and upload them. You may compile all authors' profiles into a single Word file

5. Author Photos (for each author)

- Please insert the photos of all co-authors into the profile form above, or upload them separately as electronic files. If uploading separately, please name the files clearly, such as “author_name.jpg.”
If you do not wish to have your photo published, please notify the editorial office.
