CALL FOR PAPERS

Journal of Robotics and Mechatronics

Special Issue on
“Developments and Learning from the World Robot Challenge”
Vol.35 No.1 (February 2023), Fuji Technology Press, Japan

Focus: The World Robot Challenge (WRC), was a competition in which teams from all over the world competed with their robots in one of the 4 categories: Industrial Robotics, Service Robotics, Disaster Robotics, and Junior. From this competition several research outcomes, practical implementations and new knowledge were created. This special issue of JRM aims at offering an opportunity for participants of the WRC to present their work, and their robots that competed in the WRC, and the learnings from this competition and the outcome for future developments in robotics. Scientific contributions in any of the four categories of the WRC are welcome.

Editor: Gentiane VENTURE, Prof., The University of Tokyo, Japan

Important Dates:

Submission deadline: July 20, 2022
Notification of acceptance/rejection: November 20, 2022
Final manuscript submission: December 20, 2022
Publication: February 20, 2023

Submission/Contact to: robot@fujipress.jp

♦ Papers should be submitted in Microsoft Word or PDF format. Details on submission and the journal are available at the following link: https://www.fujipress.jp/jrm/rb/
♦ Submissions can be either Japanese or English. Submissions in Japanese will be translated by the publisher and used after being proofread by the author.
♦ Papers submitted to this special issue will undergo our usual review process. Paper may be published in general issues based on review results.
